Dear Commissioner Boudreaux:

Application is hereby made on behalf of **BP AMERICA PRODUCTION COMPANY** for the calling of public hearings, after legal notice, to consider evidence relative to the issuance of orders pertaining to the following matters relating to the redefinition of the Lower Tuscaloosa Sand, Reservoir A, and the establishment of rules and regulations and the creation of drilling and production units for the exploration for and production of gas and condensate from the Lower Tuscaloosa Sand, Reservoir B, and the 20,800' Tuscaloosa Sand, Reservoirs A and B, all in the Judge Digby Field, Pointe Coupee Parish, Louisiana:

1. To redefine the Lower Tuscaloosa Sand, in Judge Digby Field, as being that gas and condensate bearing sand encountered between the depths of 20,970 feet and 21,290 feet (electrical log measurements) in the BP America Production Company (formerly Chevron USA) – W. C. Parlange No. 7 Well, located in Section 46, Township 5 South, Range 9 East, Pointe Coupee Parish, Louisiana.
2. To recognize that the existing L TUSC RA SUJ and L TUSC RA SUI are in a separate reservoir from the other existing units established for Reservoir A, and therefore, their nomenclature should be changed to the L TUSC RB SUA and L TUSC RB SUB, respectively, as shown on the plat attached hereto.

4. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units, with each tract sharing in unit production on a surface acreage basis of participation.

5. To designate BP America Production Company as operator of the proposed 20800 TUSC RA SUA, 20800 TUSC RA SUC, 20800 TUSC RB SUA, and L TUSC RB SUA.

6. To designate as unit or alternate unit wells for their respective units, those wells labeled as such on the attached plats.
